

Kevin Cheng  
Kevin Chu  
Arthur de Jesus  
Michael Khorram  
Kyle Sherman  
Miguel Vargas  
CSE 110 Group 12 Wednesday B240

### **Less Tentative Work Schedule:**

#### Week 5:

- Design UI frontend

#### Week 6:

- Implement the UI, create an account system using firebase, and implement gift exchange
  - UI hookup: Kyle, Michael, Arthur
  - firebase account system creation: Miguel, Kevin
  - gift exchange implementation: Other Kevin
- Create countdown system
  - 1-2 people
- Implement Admin and User deadline options for customizing the gift exchange
  - 1-2 people

Clients will be able to login, create a group, invite users, and set up gift exchange(the core functionality) by the end of this week or the next.

#### Week 7:

- Continue Week 6 stuff or move on to Week 8 stuff

Clients will be able to login, create a group, invite users, and set up gift exchange(the core functionality) by the end of this week

#### Week 8:

- Polish UI
- Create ways to customize a user's profile
  - frontend: 3 days, 2 people
  - backend: 3 days, 2 people
- add other neat features maybe
  - ???

Clients will be pleased

OR

- fix unforeseen mistakes
  - ???

#### Week 9:

- Finalize the app and prepare it for release
