User Stories for Team 10 (Gift Exchange)

Team 10 - App Description:

The Secret Gift Exchange app allows the head of any organization (firm, group of friends, etc) to set up a secret santa gift exchange tool for the group that will match a gift-giver with a gift-receiver. The matching should be very customizable so that each person can have "do not receive from… " or "do not give to..." lists to anyone in the group. A safeguard, limiting these list filters, are in place so that no member can single out a particular person for "giving to" and "receiving from". Perhaps only half of potential matches can go into these lists.

The "head" of the group adds everyone's names and emails into the system. The members receive their first email, which prompts them to accept entry into the gift exchange (they don't have to participate!) set up a user/password, so that they can enter the member's area and set up their filters. After signup deadline has ended, the members area will be populated with names of all participants. By some type of sorting (drag and drop name elements perhaps) users add names to "do not receive from" and "do not give to lists", and then can confirm "ready to match".

Once everyone is ready for matching, the matching algo does it's thing, and everyone is emailed with the person they are to send their gift to.

Priority List:

1	2	3	4	5	6	7
Create Account (USE PARSE)	Group Options	"Shitlist" option	Assignment of Gifter/Giftee	Group manager invites	Preference list	Admin deadline
8	9	*******	10	11	12	13
Admin add	Admin remove	WORKING DEMO	Admin deadline push	Multiple groups per user	Preferences attached to each group	Group view

User Stories Revisited:
Assignment of Gifter/Giftee:
As a gifter
I want to be assigned a giftee
So that I can buy a gift for them

Create Account :
As a gift exchange app user
I want to be able to create an account
So that I can participate in a gift exchange

Multiple groups possible per user:
As a gift exchange app user
I want to be able to join more than one gift exchange
So that I can be apart of more than one gift exchange

Preferences attached to each group:
As a multiple group user
I want to have different preferences for each group
So that each group can see my unique preferences

Group manager invites:
As a gift exchange app group manager
I want to be able to email everyone a join link
So that my group can join my gift exchange

Admin add:
As a group manager
I want to be able to continually add people
So that I can make sure everyone is involved

Admin deadline:
As a group manager

I want to be able to make a deadline for joining
So that I can make sure the exchange is fair

Admin remove:
As a group manager
I want to be able to remove anyone
So that I can make sure my group is accurate

Admin deadline push:
As a group manager
I want to be able to edit the join deadline
So that I can make sure everyone can join

Group options:
As a group manager
I want to be able to configure my group
So that I can specify price/date/other options

Group view:
As a gift exchange app user
I want to be able to view groups I'm in
So that I can see what I am responsible for

Preference list:
As a group member
I want to be able to list my preferences(hobbies, interests, likes/dislikes)
So that the gifter will know what to buy me

"Shitlist" option:
As a group memeber
I want to be able to check people I do not like
So that I do not have to buy a gift for them
